Building on the strengths of Copernicus Teaching Easels

Reduce the complexity and cost of managing and maintaining multiple types of equipment within a primary classroom.

This easel incorporates many innovative features and can be easily transformed from **traditional** teaching to **interactive** teaching.

Removable Board

Magnetic dry erase board (AC455), with lines on one side and can be removed or hung vertically.

Sliding tubs

Tubs slide out for quick access to supplies and feature safety stops to prevent tubs from falling out.

Single Classroom Mobility

3" (7cm) casters with Foot-Activated Brake on the front

Functionality

- Child height, no unsafe steps required
- Angled position of the Whiteboard helps students improve writing and fine motor skills
- Store manipulatives and resources for both traditional and interactive lessons on one unit
